PROFESSIONAL SUMMARY

Frontend Developer with 1 year of professional experience and 6 months of internship experience at Emayam Technologies Pvt. Ltd. Experienced in React.js, Django, Fast API, PostgreSQL, REST APIs, reusable component architecture, deployment, and full-stack application development.

EXPERIENCE

Frontend Developer | Emayam Technologies Pvt. Ltd., Chennai (Aug 2025 – Present)

- Developed Admin Dashboards, Customer Dashboards, and responsive web applications.
- Built reusable React components and integrated REST APIs.
- Participated in deployment, testing, debugging, and production releases.

Frontend Developer Intern | Emayam Technologies Pvt. Ltd. (Feb 2025 – Aug 2025)

- Worked on React.js, Django, PostgreSQL, API development, and deployment workflows.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Python, Django, Fast API, REST API

Database: PostgreSQL, SQL

DevOps: Docker, Git, GitHub

Tools: Postman, VS Code, Figma

PROJECTS

Focult – Employee Productivity & Task Management Platform

Tech Stack: React.js, JavaScript, Tailwind CSS, Python, Django, REST API, PostgreSQL

- Developed and maintained Employee, Admin, and Super Admin Dashboards with role-based access control and multi-authentication login flows.
- Designed analytics dashboards and charts while integrating REST APIs for real-time productivity and task management.
- Implemented payment gateway integration, live chat functionality, and dependent workflow modules.
- Collaborated across frontend, backend, testing, deployment, and production support activities.

Achievement: Delivered key business features including multi-role authentication, analytics dashboards, payment processing, and live chat integration.

Nxtlif – Real Estate Management Platform

Tech Stack: React.js, JavaScript, Tailwind CSS, Python, Django, PostgreSQL, REST API

- Developed Admin Dashboard, Customer Dashboard, and static website modules.
- Built reusable components, integrated APIs, and contributed to backend API development.
- Participated in internal deployment workflows and production releases.

Achievement: Successfully developed core dashboard modules, reusable UI components, and API integrations for a production-ready real-estate platform.

Chrome Extension Suite (DevLens, Color Picker, Auto Clicker, File Converter Hub)

Tech Stack: React.js, TypeScript, JavaScript, Tailwind CSS, Chrome Extension APIs

- Built productivity-focused Chrome extensions using modern frontend technologies.
- Implemented browser automation, color extraction, developer tools, and file conversion utilities.

Achievement: Built and launched multiple Chrome Extensions focused on productivity and developer efficiency.
